Taj Mahal - Inspired by marbles

Taj Mahal

Taj Mahal

Inspired by the luminous white marbles of the Taj Mahal glowing under moonlight, the Taj Moonlight ceramic series revives the classical grace of Mughal stone craftsmanship. Soft, faint flowing veins mimic the natural subtle streaks of premium white quartzite, layered on a creamy ivory background without sharp contrast. The gentle muted texture echoes the pure, tranquil aesthetics of the Taj Mahal's monumental white structure. Blending ancient oriental architectural romance with minimalist contemporary design, these tiles infuse every space with quiet luxury, soft brightness and everlasting gentle elegance.
